NOTE;—(i) The unallocated amount (Rs. 10204 crores) includes offshore and other investment of Rs. 5500 crores i,n the Petroleum Sector.

(ii) The toul Central Plan expendi ture during the Sixth Plan was 'Rs. 57800 crores.' The' break-up available in the statement is (including the un allocated portion, for Rs. 57664 cror es). '

(iii) The data had to be compiled in a short time from a number of sources: A more precise and detailed Plan-wise compilation h'as been taken up in consultation with the Ministries; that will take considerable time.

(ivj As Central Plan investment is not planned or accounted State-wise, some assumptions have been made in attempting such a break-up. While they seem to be best possible assumption to base such an exercise as. their validity is certainly of a limited nature. Sbme examples are given below:—

(a) Railway investments on new-lines, gu'age conversions and electrification have been broken up State-wise based on approximate length completed in each State.

(h) The remaining 80 per cent of Railways Plan has been allocated to different States on the basis of route Kilometres falling in each State.

(c) Expenditure on purchase of air craft (Civil Aviation Plan) has been allocated on the basis of the number of landings in each State.

(d) Expenditure on Air India on acquisition of aircraft has been allocat ed to four international airports on the basis of traffic handled by these Air ports.

(e) Regarding Shipping, the State-wise allocations, have been done on the basis of traffic earned by the major ports in each of the maritime States.

(v) As Central investment i« projects is mostly in 'areas where the necessary economic factors are in optimum availability, the objective of regional balance can have only limited relevance in such cases.

(vi) Housing & Urban Development includes provision for six schemes only. For HUDCO the total plan outlay was Rs. 50 crores. The actual releases amount to Rs. 675.87 crores. This is due to market borrowings of the HUDCO. Besides information on Stationery & Printing is still awaited.

Setting up of a Branch of E.C.I.L.

1583. DR. R. K. PODDAR-. Will the PRIME MINISTER be pleased to slate:

(a) what is the turn-over of Electronics Corporation of India Ltd. Hyderabad during 1987-88;
